

STATISTICAL OVERVIEW OF THE FUNDING DECISIONS

taken by the Steering Committee on 14.4.2015
on the first call for applications 18.12.2014–9.2.2015

Central Baltic Programme 2014-2020

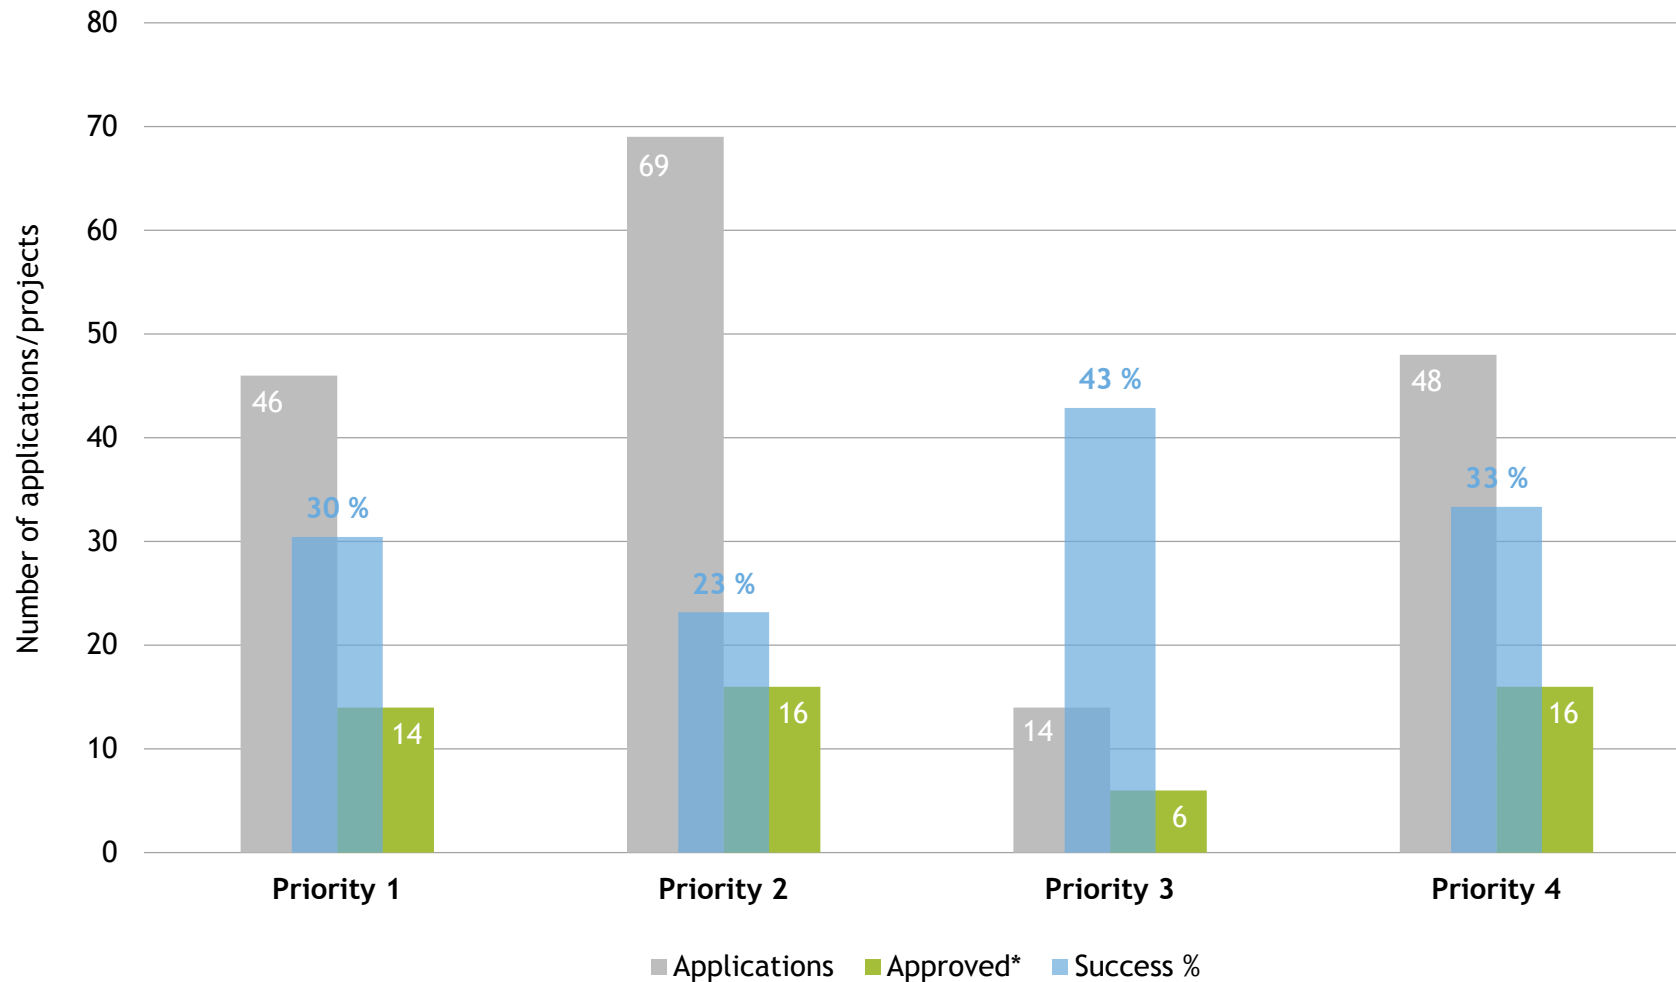

The presented statistics cover 177 submitted applications, out of which 136 were *regular project* 1st step applications and 41 *small project* applications.

The now approved *regular projects* continue to the 2nd step application phase including e.g. the planning of the project budget. The 2nd step applications will be assessed and the final decision on the financed projects will follow in August 2015.

The approved *small projects* will start their implementation according to the project plan once they have fulfilled any conditions set to them and after signing the subsidy contract with the programme.

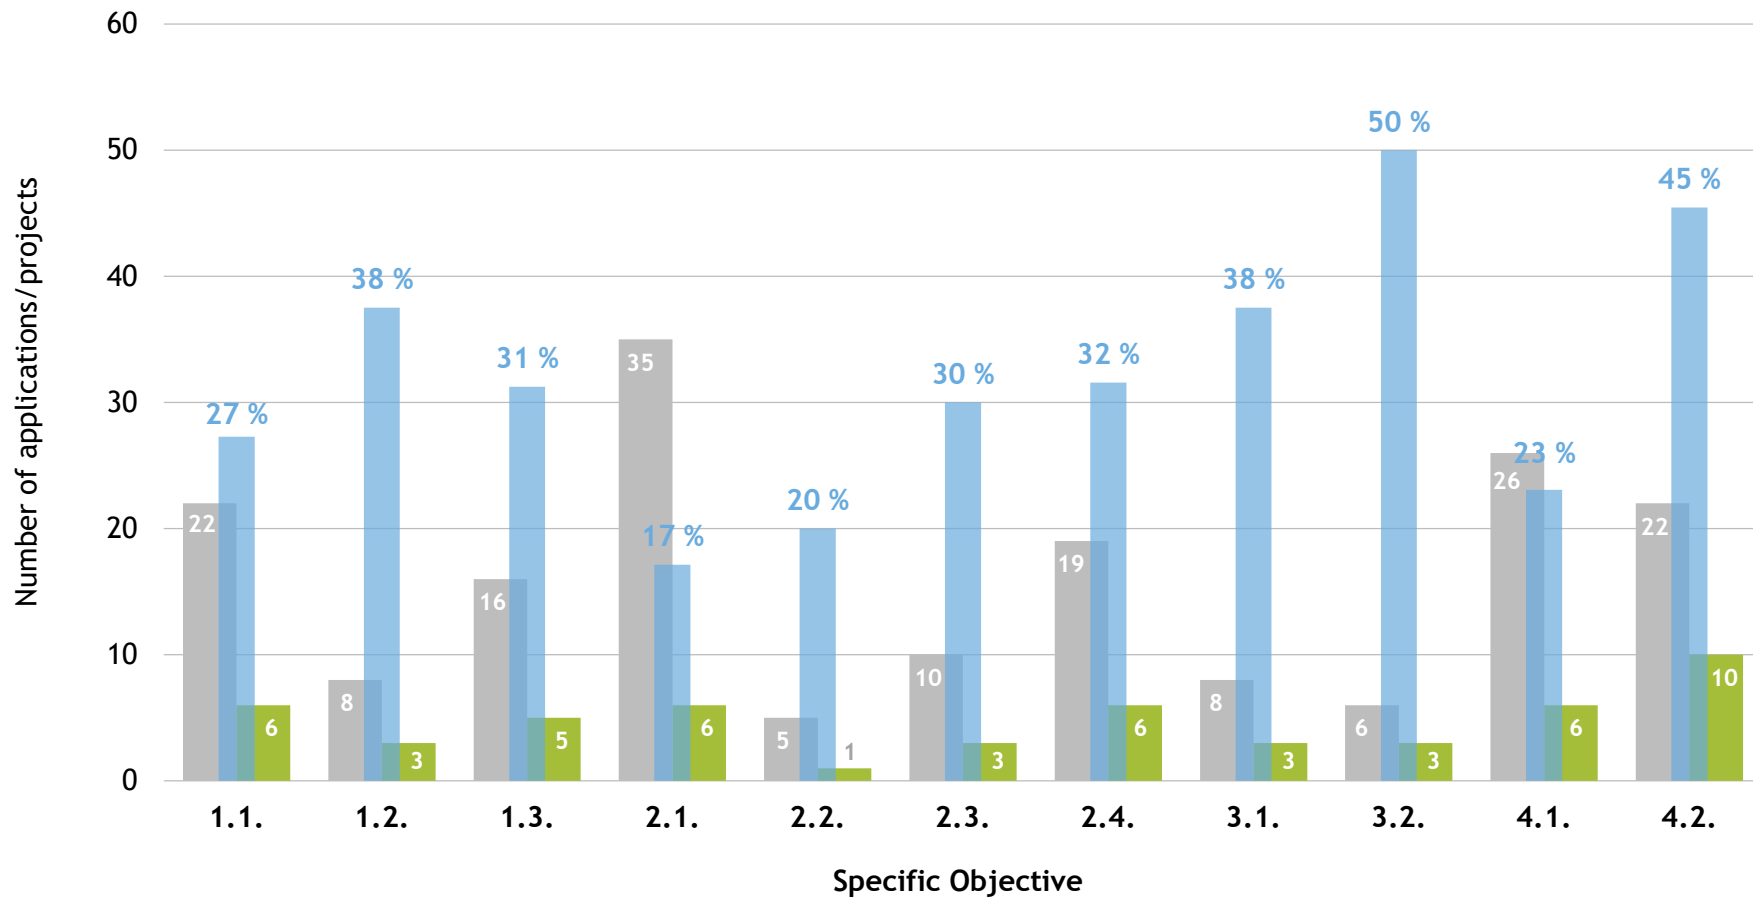

Number of applications and succesful projects per priority

*Approved *regular project* 1st step applications and *small project* applications

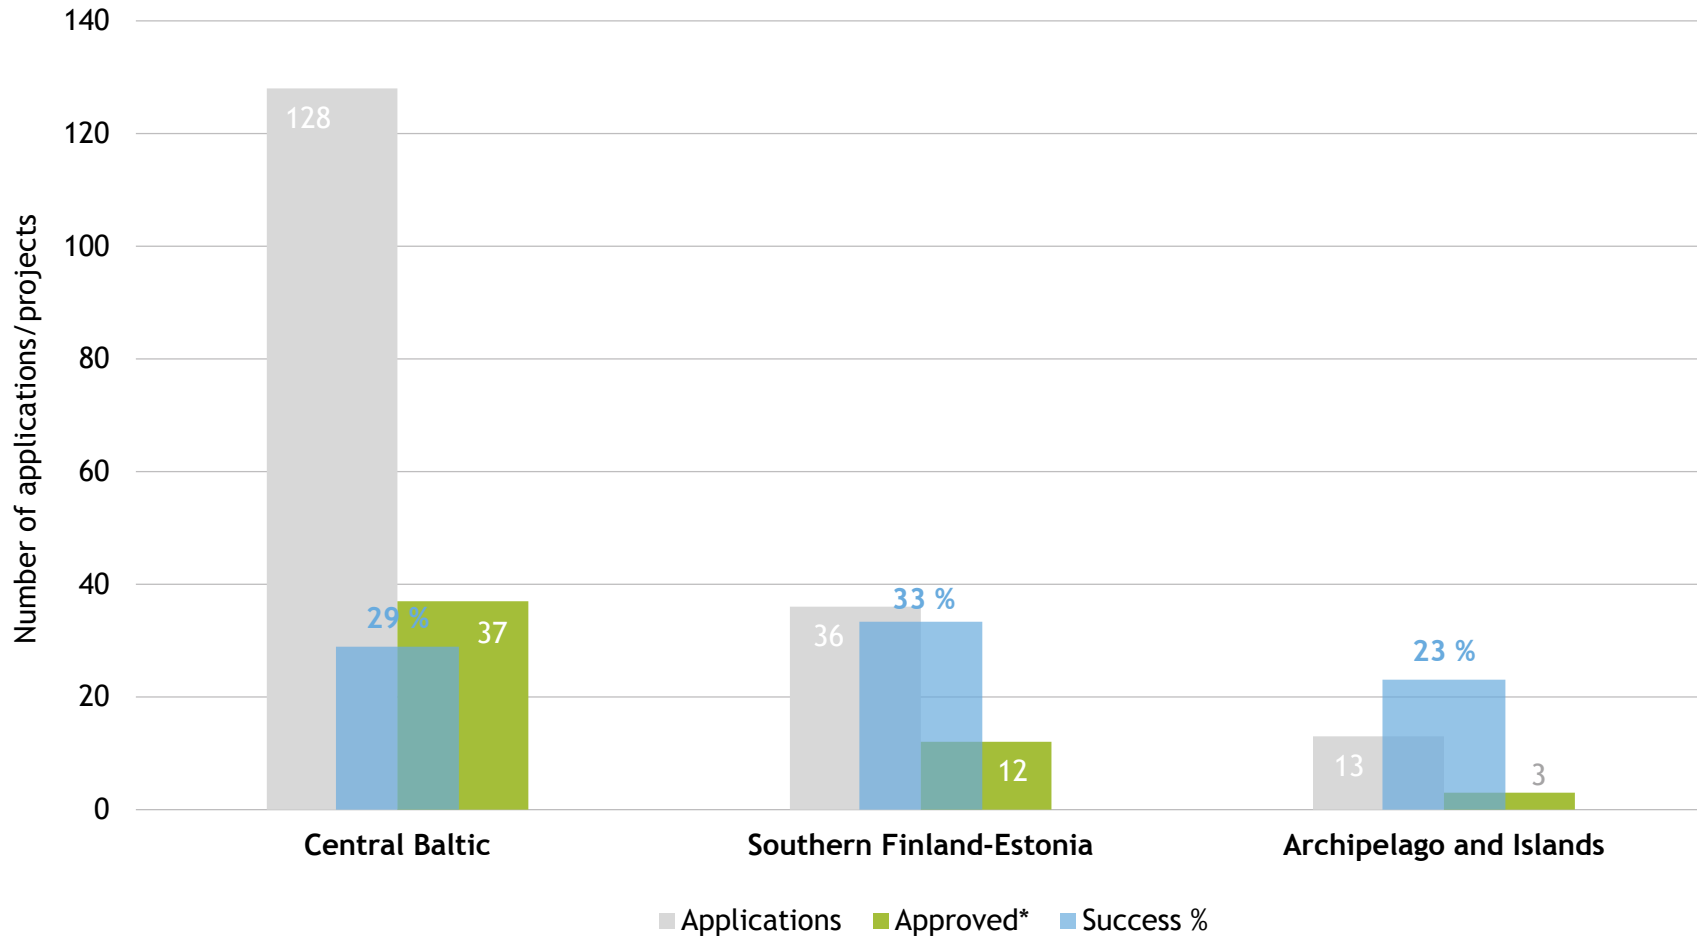

Number of applications and successful projects per Specific Objective

■ Applications ■ Approved* ■ Success %

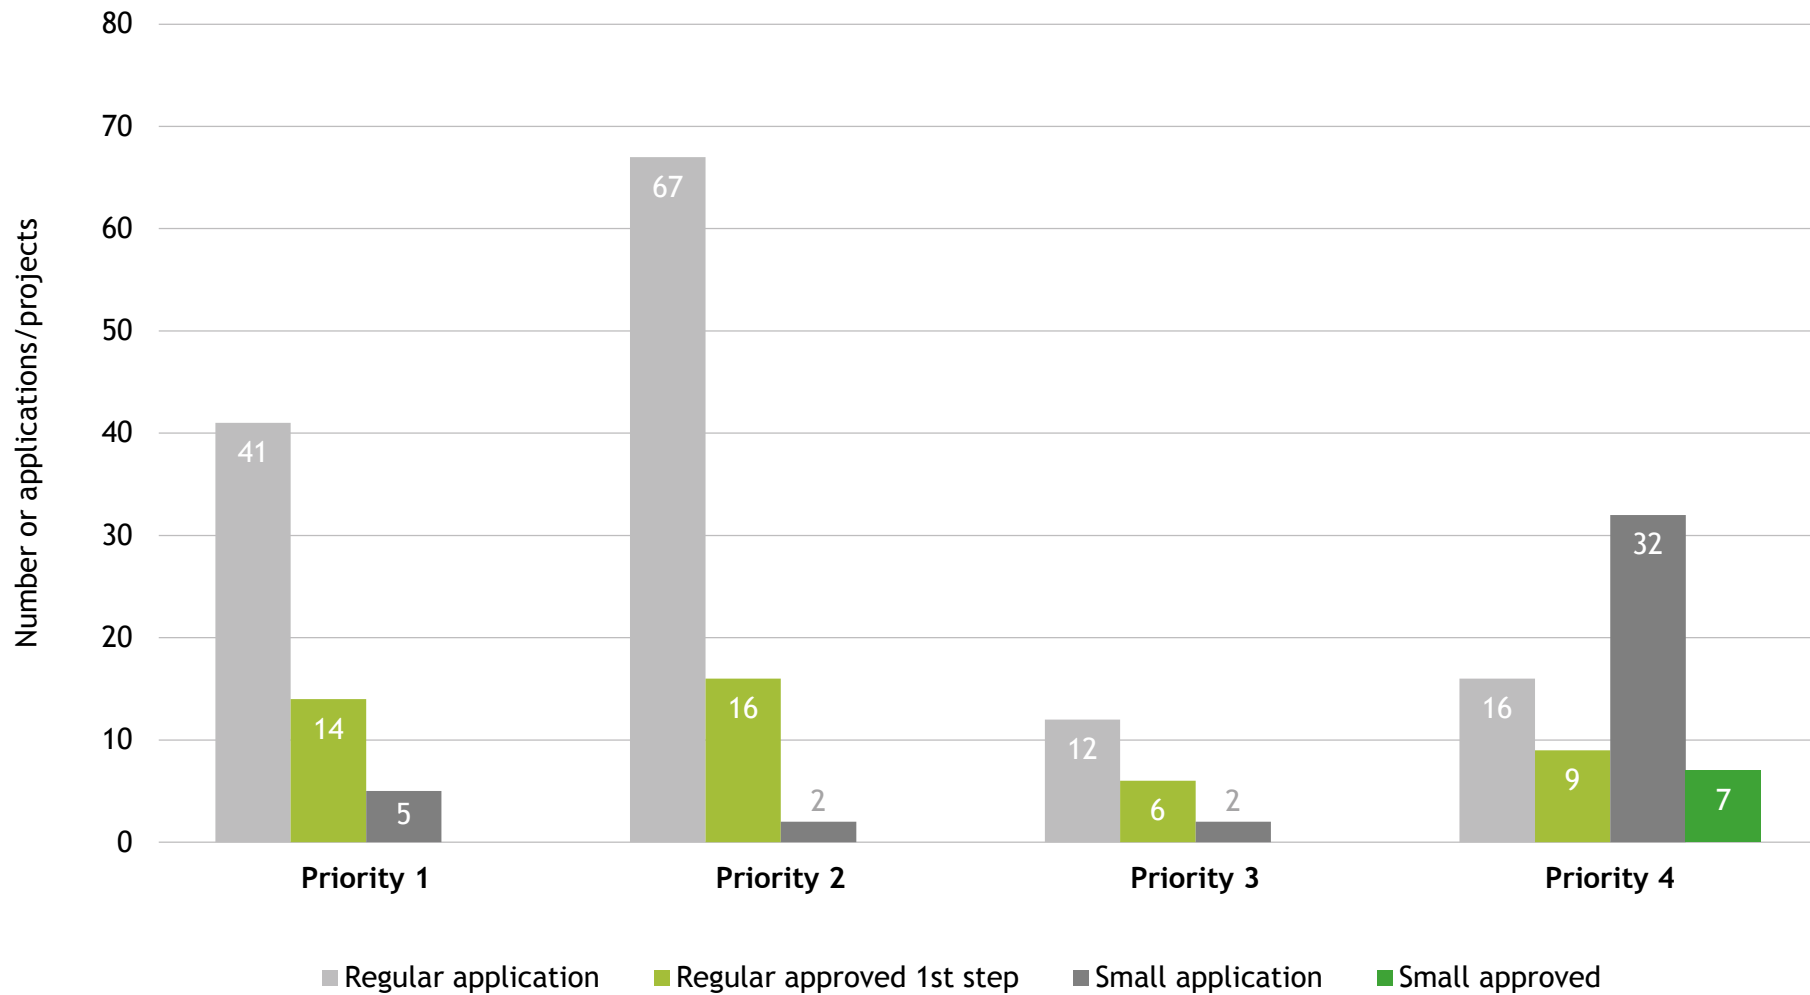

*Approved *regular project* 1st step applications and *small project* applications

Number of applications and successful projects per sub-programme

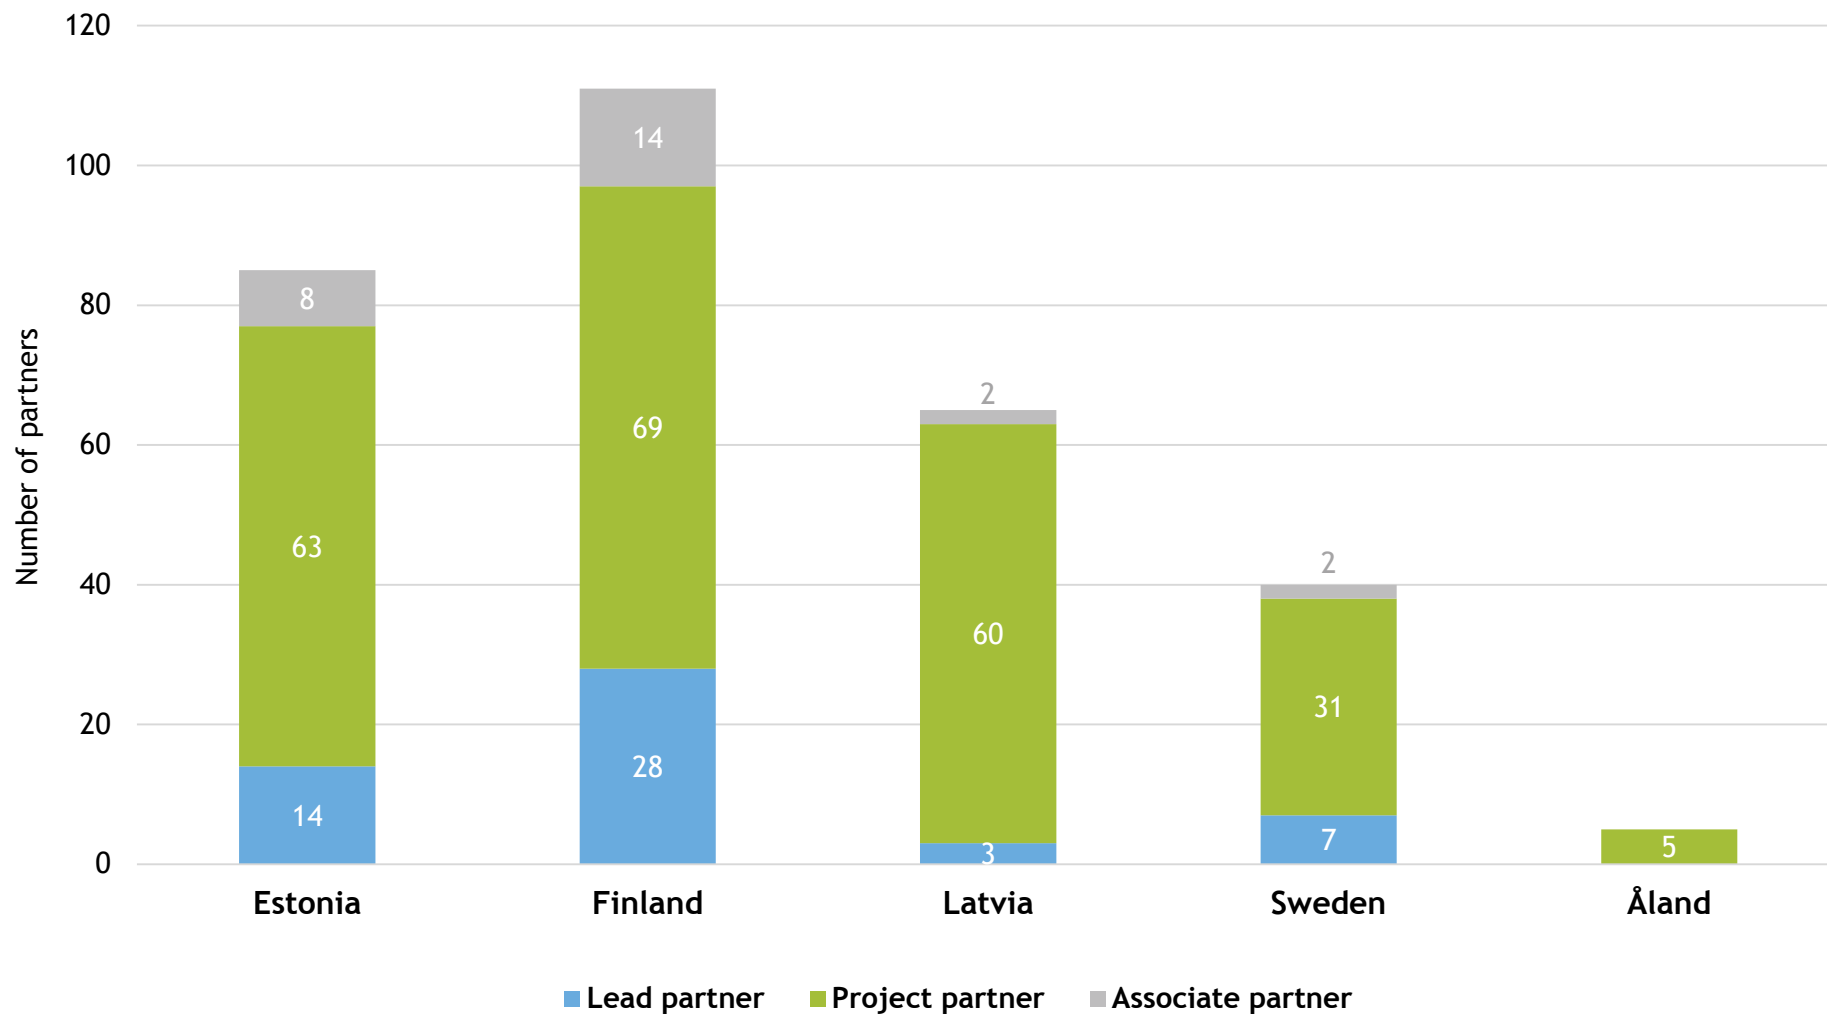

*Approved regular project 1st step applications and small project applications

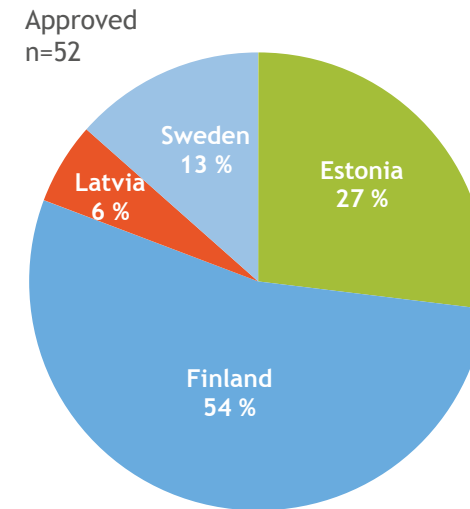

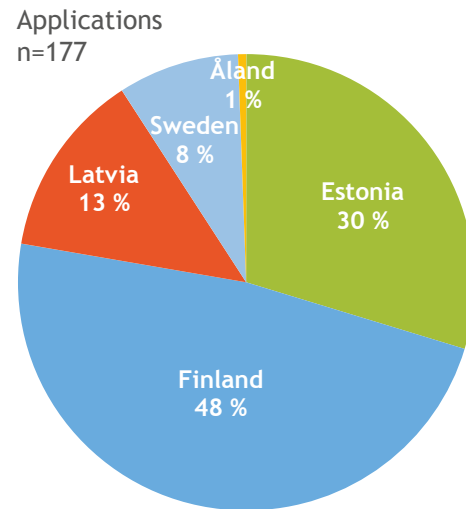

Regular and small project applications and success per priority
