

STATISTICAL OVERVIEW OF THE FIRST DECISIONS

made by the Monitoring Committee on 28-29.06.2022

on the first call for applications of the Central Baltic Programme 2021-2027

Interreg

Co-funded by
the European Union

Central Baltic Programme

The presented statistics cover 82 submitted applications, out of which 80 were regular project 1st step applications and 2 small project applications.

The Monitoring Committee selected regular projects to continue to the 2nd step application phase. The second step applications will be assessed and the final decision on the financed projects will follow in late December 2022.

The Monitoring Committee also approved one small project that will start its implementation according to the project plan once they have fulfilled any conditions set to them and after signing the subsidy contract with the programme.
